

## Private Day School

### School Profile

Canterbury School of Florida (CSF) was founded in 1968 as a co-educational, college preparatory day school. The school is situated on two campuses minutes apart in northeast St. Petersburg, with Knowlton Campus for Grades 5-12. A student-centered philosophy, emphasis on character education and personal attention for each child is what brings families to Canterbury. What makes them stay? Award-winning fine arts and athletics, a one-of-a-kind marine studies center, an international studies program and experiential learning—all of which prepare graduates for the very best colleges. Located on campus is the Cousteau Center for Marine Studies, which is a state-of-the-art 2,800 sq. ft. facility focusing on marine science and environmental education.
