

## Private Day School

### School Profile

Marian is a co-educational, college preparatory school for grades 9-12. Marian is a close knit community where students and faculty/staff really care for and respect one another, and also a place where the faculty and staff knows each student's name. In this type of environment, students thrive and are able to reach their full potential. The sense of comradery is also evident on the athletic fields. Marian students can participate in 13 athletic teams at the varsity and junior varsity level and are referred to as the Mustangs. For those musically interested, Marian offers many courses in the performing arts along with the opportunity to be involved in three plays each year; December Holiday Musical, Drama Festival Competition and a Spring Musical.
