

## Private Day School

### School Profile

Since 1947 Matignon has proudly served the Greater Boston region as one of the Archdiocese's premier coeducational Catholic schools. A school known for its academic rigor in the classroom and athletic prowess in the Catholic Central League, Matignon has a rich heritage and proud history. Over the course of close to six decades much has changed, but the love of learning and the proud traditions of the school remain the same. In recent years, many well thought out changes have occurred at Matignon. The school has completely renovated science labs, library-media center, locker rooms, fitness room, and athletic fields. In order to bring top level technology into the academic program, the school has installed innovative smart-board technology in all of the classrooms.
