

Private Boarding School

School Profile

Army and Navy Academy is a college-preparatory school for boys grades 7-12. It follows University of California standards and incorporates leadership training centered around its JROTC program. Since 1910, ANA has sought to develop scholarship and Honorable character in young men. The cadets benefit from having a greater degree of structure, motivation and discipline in their daily routine. Small class sizes, a highly committed staff and individualized support enable students to achieve better results and improve their chances for attending a university of their choice. Leadership classes emphasize teamwork, honor, self-esteem, citizenship, study habits, and time management. Band, performing arts, extra curricular clubs and sports complement the academic program.
