

## Private Boarding School

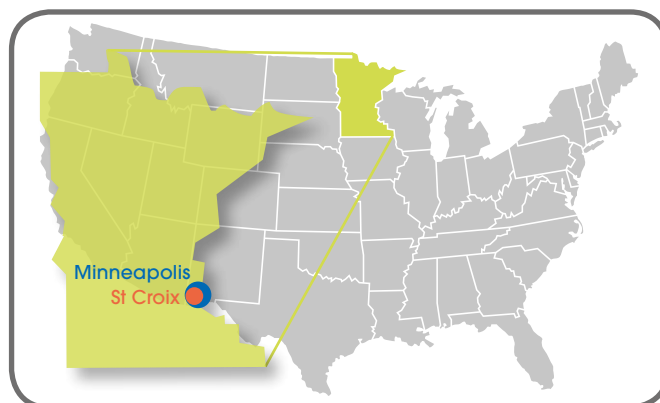

### School Profile

St. Croix is a university preparation school for students in grades 6 – 12 with a reputation for being an excellent value encompassed in an extremely friendly and safe environment. While the academic standards are high, St. Croix supports its coed students through a full ESL program with a full time international advisor to assist with the needs of the international students. Because the school enrollment is 500 students, the school is large enough to offer a wide variety of both curricular offerings and after school activities and still small enough to allow students a chance to participate in activities of their choice.

St. Croix is recognized by the State of Minnesota Department of Education and accredited by the Minnesota Nonpublic School Accrediting Association.
