

Private Boarding School

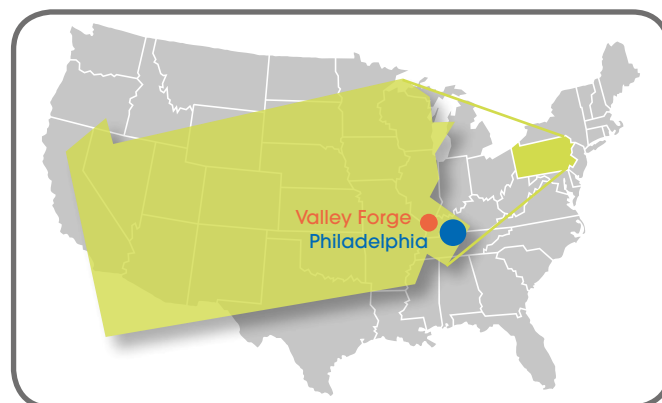

School Profile

Valley Forge Military Academy is a boarding and day school that welcomes young men from grades 7-12, and postgraduate. At Valley Forge, they think young men grow not just through their diet, but through a steady diet of challenges. And, like diamonds, shine best when every facet is polished. That's why a Valley Forge education is not just about academics. It's about developing the whole person.

Since 1928, a Valley Forge education has been built around subjects most schools have forgotten to address – character development, personal motivation and leadership – skills students need to rise to the top of whatever field they choose to pursue. High School Students have the opportunity to obtain a diploma from the high school as well as an Associate Degree from the VFMA College.
